 - Don't leave lamps or fire unattended.
 - Don't wear hard objects (e.g. pen & Pen knife) during any activities.
 - Don't leave any equipment or tool lying on the ground after use. – Ropes lying on the ground is an excellent way of tripping and causing injuries to others.
 - Don't use mosquito coil unless it has a “netting protector”.
 - Informed the Camp Chief / Camp Instructors if you see any unfamiliar faces.

CAMPING STANDARD II

Camper

1. Introduction

- A camper should be able to take care of himself when he is away from home.

2. Cleanliness

- The camper ground should at all times be kept clean and tidy not only to keep flies away, but also because good campers are always tidy as a matter of habit.
- A good Scout, for example, is tidy in his tent because he can find them at once in the night.

3. Refill & Restoration

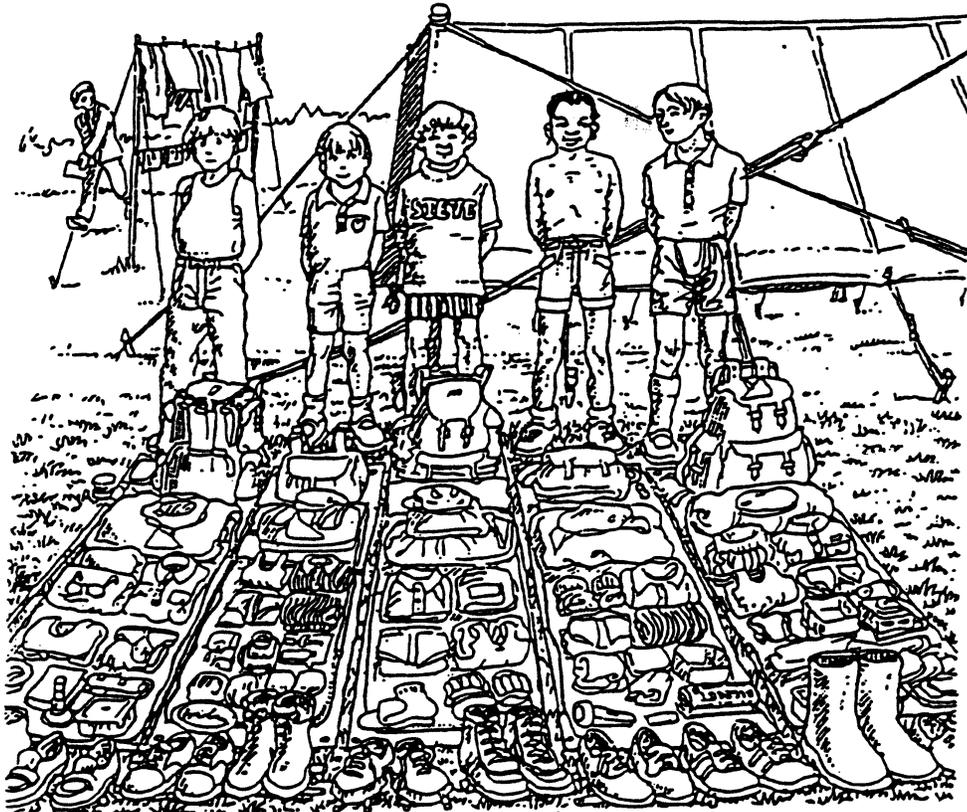

- A camper should be eating and drinking sufficiently.
- Enough rest and sleep are also important.
- All these will allow him to enjoy the whole Camp. Hence, one cannot accept the excuse for being tired out after a few days' programme.

4. Health

- Personal health has to be maintained to the utmost limits.
- This can be achieved by washing, changing clothes and making regular visits to the latrines.
- At no time should a camper hesitate to report to the Instructors if he feels unwell.

5. Spirit

- A camper should be keen to enjoy the camp throughout with a positive attitude.
- A camper should not discourage his fellow campers, but encourage them together to strive for being the Best Trainee or Best Patrol for the camp.
- Play Hard, Work Hard!

CAMPING STANDARD III
